

Hello,

We are writing today to let you know about maintenance activity you will see on an existing oil and natural gas well near your community in the coming weeks. Please see the map on the reverse side for reference.

The work is scheduled to begin **in the next few days** and will take approximately one to two weeks. A work-over rig (pictured on the reverse side) and other heavy equipment will be needed to conduct this operation.

The crews will be on site working 24/7 Monday through Saturday. You may notice a slight increase in traffic, see lighting at night and are likely to hear the activity during our operations. We recognize the inconvenience this can cause and will do what we can to minimize the impact to the surrounding neighbors.

Thank you for your patience while we perform work in your community. If you have any questions or wish to report an issue related to our operation, please do not hesitate to contact us via the Anadarko Colorado Response Line at **866.248.9577** or **AnadarkoColorado@anadarko.com**

When you contact us, please reference this activity by the following name:  
**BAREFOOT 33N-25HZ Maintenance**

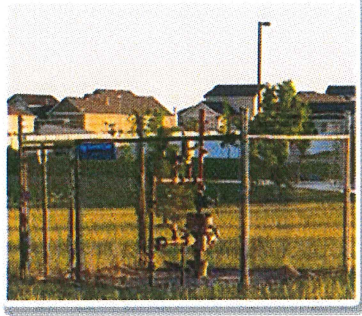

Sincerely,  
Anadarko Petroleum Corporation
